DIGITAL SOLUTION REPORT

Prepared For

Massai Group

Massai Il Giardino • Massai Koroga • Massai Resort

Prepared By

A&F Ventures – Digital Growth Consultancy

Main Problem Being Faced

Massai Group operates three distinct dining destinations — Massai Il Giardino, Massai Koroga, and Massai Resort — each with its own atmosphere, cuisine, and loyal customers. However, there is currently no unified online presence to introduce all three venues to the wider market. Potential customers, event planners, and tourists searching online find little to no information, photos, or background about the group's restaurants.

Without a professional landing platform, Massai Group is invisible to a large portion of its addressable market. People who don't already know the restaurants have no way to discover their story, see their dining spaces, view their menus, or even know they belong to the same group — losing valuable visibility, brand authority, and walk-in traffic.

A&F Solution

A premium, multi-page landing website that serves as the official online home of Massai Group. The site introduces the brand, showcases each of the three restaurants individually, displays high-quality visuals, builds trust through customer feedback, and captures leads from visitors interested in updates, events, or promotions. This is Phase 1 — establishing visibility and brand authority — and forms the foundation for a fully functional ordering and booking platform in the future.

Website Structure

Page 1 – Home (Landing Page)

- Full-screen cinematic hero section introducing Massai Group
- Brief intro to the three restaurants under the group with smooth transitions
- Featured highlights: signature dishes, dining experiences, events
- Quick navigation cards linking to each restaurant's dedicated page
- Visual storytelling section showcasing the Massai Group identity

Page 2 – Massai Il Giardino

- Dedicated page introducing Il Giardino as a venue under the group
- Story, cuisine style, ambiance, and unique experience
- Location, operating hours, and direct contact details
- Photo gallery of the dining space, signature dishes, and atmosphere

Page 3 – Massai Koroga

- Dedicated page for Koroga with its own brand story and identity
- Highlight of the Koroga dining concept, cuisine, and experience

- Location, hours, and contact details
- Curated gallery showcasing the venue's character

Page 4 – Massai Resort

- Dedicated page introducing Massai Resort as a destination
- Overview of the resort experience, amenities, and dining
- Location, hours, and direct contact details
- Gallery of the resort grounds, rooms, and dining spaces

Page 5 – About Us

- The Massai Group story, mission, and brand philosophy
- Founder's vision and the journey of building three restaurants
- What makes Massai Group different — heritage, hospitality, and quality
- Trust-building elements: years of operation, milestones, values

Page 6 – Gallery & Feedback

- Curated high-quality photo gallery across all three restaurants (50+ images)
- Optional video reel of the dining and resort experience
- Customer testimonials and reviews from past guests
- Social proof section linking to Instagram and Google reviews

Page 7 – Contact Us

- Centralized contact section for the group
- Individual contact details for each restaurant (phone, WhatsApp, email)
- Embedded map showing all three locations
- Quick inquiry form for private events, group bookings, and partnerships
- Promotion sign-up form — visitors enter email and phone number to receive updates, event invites, and exclusive offers (the only lead-capture component on the site)

ONBOARDING REQUIREMENTS – INTERNAL USE

Project Onboarding & Required Materials

To begin development immediately and ensure a smooth, on-time launch, we will need the following items and information from Massai Group. Providing these during the onboarding session allows us to start work the moment the deal is signed, avoid back-and-forth delays, and stay on schedule for delivery.

1. Massai Group Brand Identity

- Massai Group logo in high resolution (PNG with transparent background and vector / AI file if available)
- Brand colors and any existing brand guidelines
- Preferred fonts (if any)
- Group tagline or slogan, if any
- Brief background on Massai Group — when it was founded, the vision, the founder's story

2. Individual Restaurant Assets (per restaurant)

For each of the three venues — Massai Il Giardino, Massai Koroga, and Massai Resort — we will need:

- Individual restaurant logo or sub-brand mark (if different from the group logo)
- Short description of the restaurant — cuisine type, atmosphere, what makes it unique
- Location address and embedded map link (Google Maps pin)
- Operating hours, including any seasonal variations
- Direct phone number, WhatsApp number, and email
- Any specialties, signature dishes, or experiences to highlight

3. Photos & Visual Content

- Minimum 50+ high-quality photos across all three restaurants (15+ per venue ideal)
- Photos should cover: interior, exterior, dining spaces, signature dishes, ambiance, and guest moments
- Massai Resort: also include room shots, grounds, amenities
- Any existing video content (b-roll, drone footage, promotional reels)
- Permission / approval for us to arrange a professional photoshoot if photo library is insufficient (additional cost, quoted separately)

4. About Us & Story Content

- The Massai Group story — origin, mission, philosophy
- Founder bio and journey
- Milestones, years of operation, any awards or recognition
- Values and what makes the group different

5. Customer Testimonials & Feedback
